

## GREEN POLICY

The Green Policy of Study Inn Group Holdings Limited is to ensure so far it is reasonably practicable the work is carried out with a commitment to protecting and enhancing the environment.

The Management of Study Inn Group Holdings Limited is aware that the activities have an environmental impact and developing these procedures the company is taking our commitment to manage environmental issues in a sustainable way seriously.

This policy has the full support of our teams who are committed to implementing our Green Policy and ensuring we impact the environment in a positive way. The below are our key action points:

1. Ensure that we use risk assessments to identify potential environmental risks for our business.
2. Attempt to develop a wider understanding of environmental issues among our suppliers, employees and residents.
3. Commitment to the ongoing training and education of its staff so that the company can ensure that there is full participation in the operation of the Environmental Management System.
4. Actively pursue opportunities to reduce the environmental impact of our operations, concentrating particularly on paper consumption, and the reduction and recycling of waste material.
5. Being aware of the environmental impacts of our transport operations, through the use of sustainable transport and IT solutions, seeking ways to reduce transport impacts wherever practicable.
6. Continuing to be innovative with key card energisers, energy saving light bulbs, light sensors and window heating monitoring system to help the environment.
7. Ensure, through our Green Team that our efforts are continually reviewed, updated and followed.
